PROFILE

I am a skilled Full-Stack Developer with experience in Laravel, JavaScript, MySQL, and API development. I have a strong understanding of both front-end and back-end development, allowing me to build scalable and efficient web applications. My expertise lies in developing dynamic, high-performance websites that provide a seamless user experience. Passionate about problem-solving and clean code, I thrive in collaborative environments where I can contribute to innovative projects.

WORK EXPERIENCE

Ghana Armed Forces

2024 - PRESENT

Internship

- Learnt best coding practices and participated in team meetings for project planning.
- Gained hands-on experience in front-end and back-end development, including database management with MySQL.
- Assisted in designing and developing responsive web applications using HTML, CSS, JavaScript, and Laravel.

Freelance Web Developer

2025 - PRESENT

Self-Employed | Remote

- Designed and developed custom websites for clients using HTML, CSS, JavaScript, PHP, and Laravel.
- Built responsive and user-friendly web applications to enhance user experience.
- Integrated APIs, payment gateways, and third-party services to improve functionality.
